FREIGHTLANCER

Advantages of using Freightlancer
Live tracking while your cargo is on the move

We use real-time GPS load tracking to show you exactly where your load is at all times.

Vetted Transport Operators for compliance obligations

Choose from a range of vetted drivers and see past ratings to ensure reliability and quality.

Secure payments ensure the delivery and on-time payment

Powered by Escrow.com, payment is kept in trust until it has been delivered exactly where it should be.

Real-time bidding gets competitive quotes fast

Upload a photo, dimensions, weight and delivery address to have drivers respond in a click.

Communicate directly with your Transport Operator

Keep in contact with the operator to coordinate collections and deliveries.

Compliance peace of mind

Turnkey solution for compliance obligations including Chain of Responsibility.

FREIGHTLANCER

D6 Blade lashed securely to a Flat rack for shipping by Freightlancer.

R1700 underground loader, lashed securely for transport booked using Freightlancer.

Safer for everyone

Trip reports
Notification when collection and drop off has been made, minimum, maximum and average speeds traveled.

Freightlancer audit
Freightlancer will regularly conduct audits on operators and loads to ensure compliance.

Save time
Manage booking, tracking, monitoring and cross-checking compliance in the one place. No paperwork, no time wasted on the phone.

Safe
Meet compliance & chain of responsibility requirements including load tracking, load restraint methods, fatigue management, controlling speed and licence, registration & insurance.

Rated
Quality and reliability are ensured through detailed rating system updated after every load.

FREIGHTLANCER

Mining

Ship anything, anywhere. Urgent or unique, Freightlancer can handle it.

Whether sending CAT loaders to Tanzania, a drill to South Korea or hotshotting a transmission to Papua New Guinea, we've done it.

Sandvik DD420 development drill shipping from Perth to Cobar using Freightlancer.

125 tonne Liebherr 984C excavator shipping from the Kimberleys to Kalgoorlie using Freightlancer.

ASX 50 listed mining company reported saving over 30% on heavy haulage and urgent freight movements for an underground gold mine using Freightlancer, whilst also achieving huge efficiency gains.

FREIGHTLANCER

Infrastructure / Construction

Strict deadlines and challenging locations are a speciality.

Know when machines are on and off site. Ensure only vetted personnel access. Project requirements can change quickly, Freightlancer ensures that you are not held up by transport.

CAT Excavator moved from Contractor to Roadworks site using Freightlancer.

Tunnelling Drill transported from Tasmania to Sydney CBD for the Sydney Metro in a time critical, and highly planned operation. Sea freight, pilot vehicles, road closures, permits all managed by Freightlancer.

FR=IGHTLANCER

No matter what you're shipping, Freightlancer can get it to you anywhere in the world.

Testimonials

Machine attachments & complete R1700G loader shipped to MPC Global in New Mexico using Freightlancer.

"We've been using Freightlancer.com to service our road freight needs, with our loads varying from one or two pallets, to multiple trailers. It is a great platform for obtaining competitive pricing at short notice."

– Benjamin Carter, Redpath Mining

"Getting our purchases to the United States through Freightlancer is always easy. The team there manage the whole thing for us, and I have never had a problem with our shipments".

– Manny Pereira, Chief Executive, MPC Global

FREIGHTLANCER

The Team

Josh Mullens
Chief Executive Officer

A logistics specialist, Josh Mullens combines over 7 years handling shipments of large mining equipment from large multinationals with a passion for business and love of day-to-day operations. Josh prides himself on being a real 'hands-on' CEO who is just as comfortable in high level liaison with Australian Quarantine and Customs as he is with doing the dirty and difficult work of organising quotes and contracts. When he's not using this experience to make freight easier he's racing his dirt bike, hitting the Crossfit floor or spending time with family and friends.

Aidan McCartan
Sales

Aidan is an all-round Logistics Professional and brings over 10 years of expertise in international and domestic freight, with experience across road, air, sea, rail and warehousing. He has vast knowledge in all aspects of the supply chain, including day to day operational roles, sales and strategic logistics management. Away from logistics he enjoys spending time with his family and getting out on the cricket field.

Drew Davis
General Manager

Drew is one of a new breed of tech entrepreneurs striving to take the internet start-up world beyond the hype into traditional 'on-the-tools" industries. Graduating from Sydney University with a Bachelor of Commerce, Finance, Drew initially founded leading boutique Australian technology firm, dripcreative. Three years later, very soon after meeting Channel 40 founder Tom Cavanagh, Drew took up his current role as General Manager at Freightlancer.

Juliette Bender
Technical Account Manager

With 17 years experience in the customer service industry, Juliette has the ability to train, lead, manage and implement Freightlancer's technology to everyone from sole traders to multinationals. With solid management skills and a flair for communication as her tools, Juliette gets excited by the challenge of teaching and the opportunity to offer businesses the tools to evolve. When she's not shaping change, she's chasing toddlers and testing her fitness in the Crossfit gym.

Jason Gush
Operations

Jason has a real passion for the logistics industry with over three years of experience handling shipments of large mining equipment from large multinationals. Jason has completing a certificate in International Freight Forwarding.
In his spare time he enjoys hanging out with friends & family and working hard in the Crossfit gym.

Neil Katz
Chief Financial Officer

Neil Katz is the Chief Financial Officer at the Freelancer Group and is responsible for the finance and administration functions of the Company.
Neil has over 20 years experience in finance, accounting and general management. Neil has held CFO roles at a number of technology companies, including IPscape, Threatmetrix, Sensory Networks and Aptrix.
